SONUS
LEARNING

Brand Foundation

Sonus is a language-learning platform built on focus and clarity. Every design decision serves the learner, reducing noise, creating rhythm, and letting content lead.

Minimalism

Strip away everything that doesn't serve learning.

Intuition

Design that guides without explanation.

Restraint

Every element earns its place on screen.

Brand Colors

Four colors drawn from natural tones. Each has a defined role, and together they create a palette that is rich without being loud.

Night

Anchor

#1F2A37

RGB: (31, 42, 55)

Ocean

Action

#135777

RGB (19,87,119)

Pine

Depth

#193232

RGB (25,50,50)

Rust

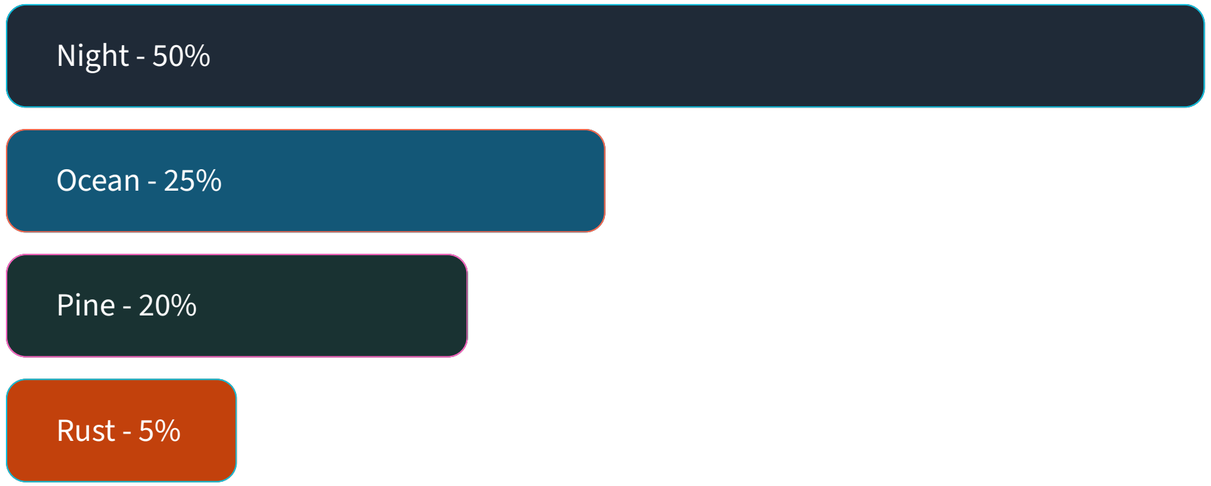

Accent

#C2410C

RGB (194,65,12)

Color Usage

Proportion matters more than palette. Night anchors, Ocean activates, Pine deepens, and Rust punctuates, used in that order of dominance.

- Default backgrounds, primary text on light surfaces, headers, navigation bars.
- Buttons, links, interactive elements, active states, progress indicators.
- Secondary surfaces, card backgrounds, depth layers, section dividers.
- Alerts, highlights, badges, accent-only. Never for large surfaces or body text.

Do:

Don't:

Typography

Tenor Sans brings character to headlines and display text. Source Sans 3 handles everything else: legible, versatile, and quietly confident at every size.

Tenor Sans

Display / Headlines

Speak with clarity.

Learn with structure.

ABCDEFGHIJKLMNOPQRSTUVWXYZ

H1	24pt	Page Title
H2	20pt	Section Heading
H3	18pt	Card Title

Source Sans 3

Body

Body	16pt	Body Text for Reading
Label	12pt	**Button Label**

Monoist

Pills / Captions

Caption	10pt	`Support Detail / Pill`

Logo System

Three formats for different contexts. The primary wordmark is the default. Use the compact mark where horizontal space is limited, and the app icon for square containers only.

App Icon

Compact Wordmark

Primary Wordmark

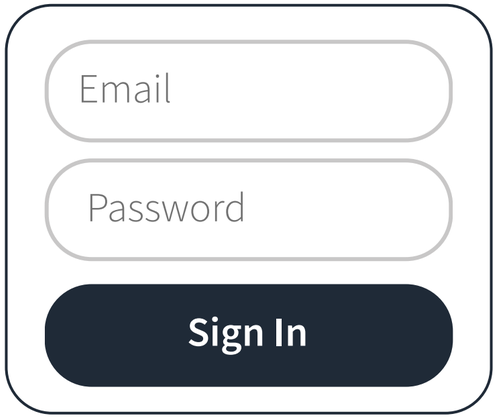

Clear space: Maintain padding equal to the height of the 'S' letterform on all sides.

UI Components

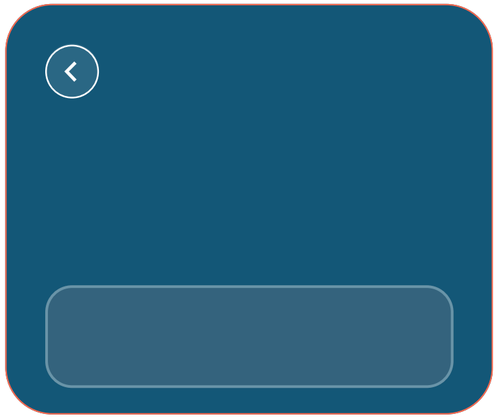

Rounded forms, generous spacing, and thin strokes. Every component prioritizes readability and ease, whether on light or dark surfaces.

Component Specs

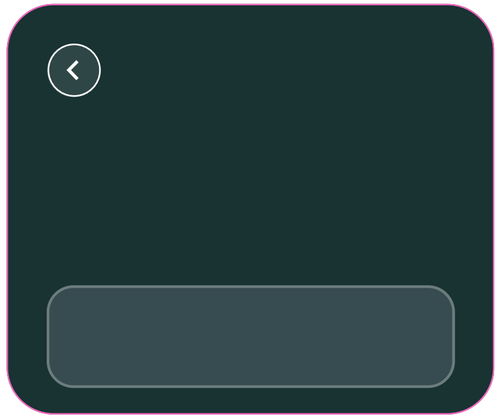

Border Radius	16px (cards) · 12px (inputs) · 12px (buttons)
Stroke Width	.75px
Spacing	20px (cards)

Night Panel

Visual Language

The Sonus visual language leans into a quiet artistic sensibility, using restraint and subtle detail to create clarity, intrigue, and flow.

Contour Borders

A thin, color-shifted stroke offset from the element edge. Creates dimension and visual lift without breaking layout.

Quiet Artistic Detail

Restrained visual gestures that add intrigue while preserving clarity. The system avoids decoration for its own sake.

Editorial Structure

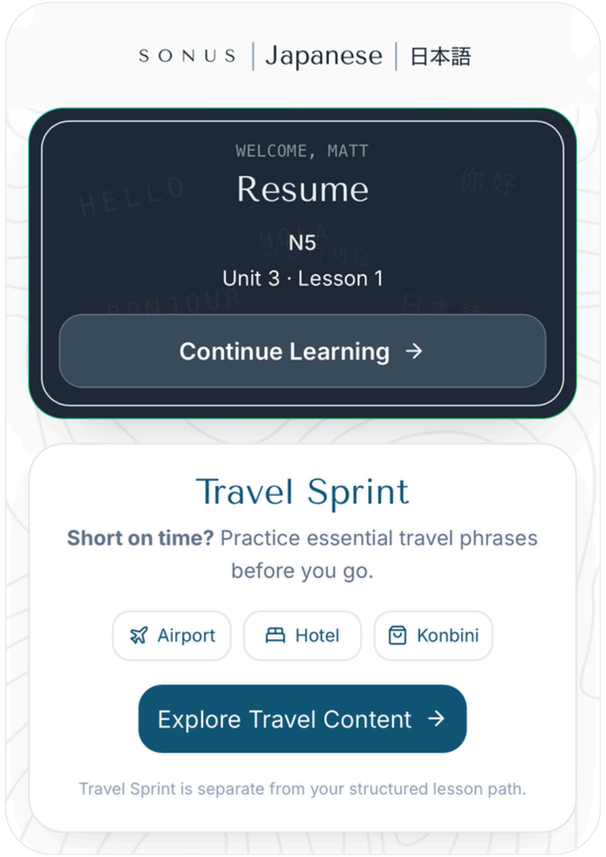

Spacious composition, thin lines, and clear hierarchy guide the eye without noise.

Topographic Texture

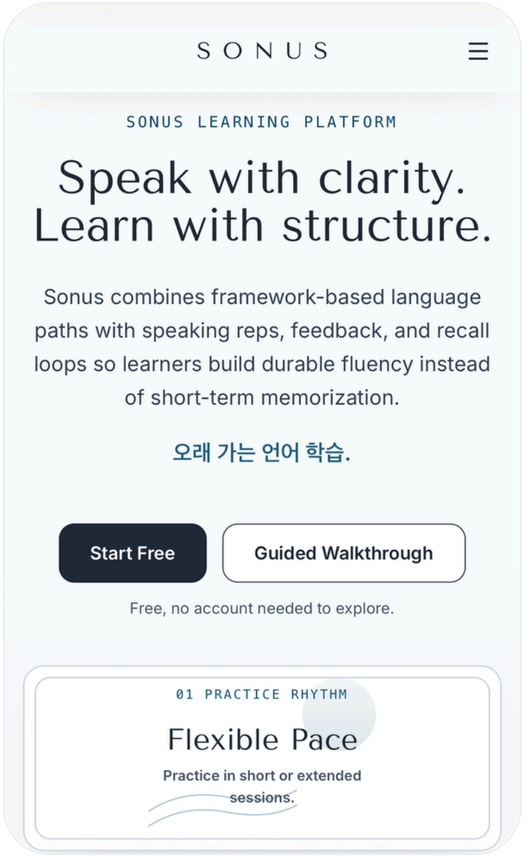

Subtle contour lines create atmosphere and depth. Use on hero sections and dark surfaces only, never omnipresent.

Brand in Use

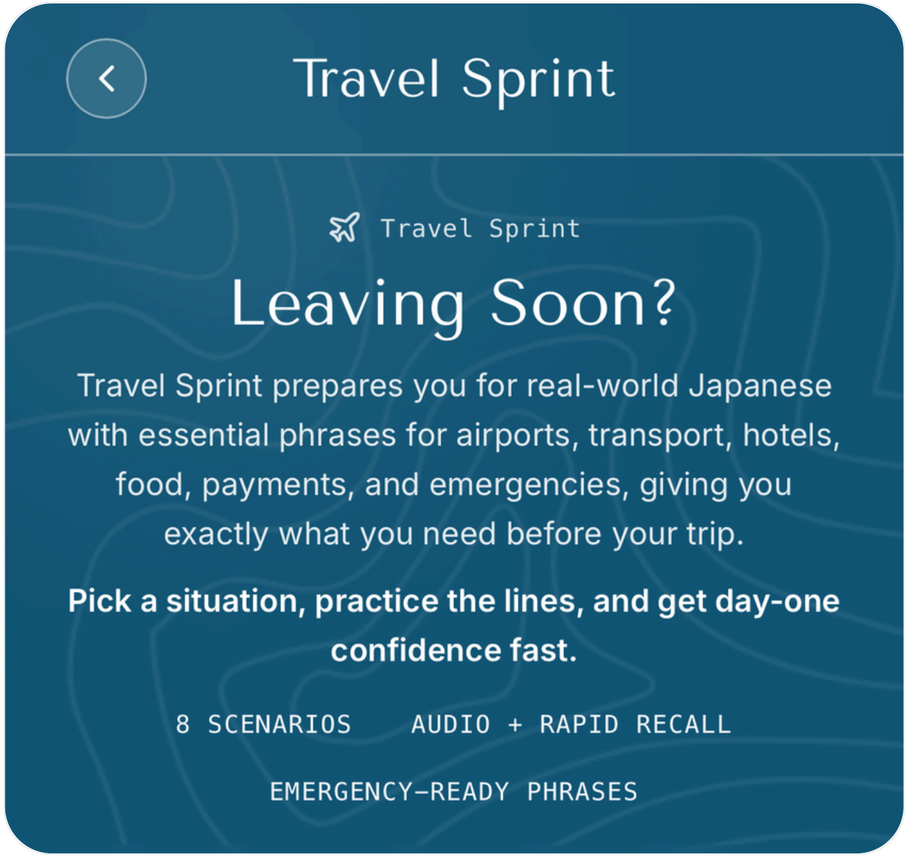

The Sonus system comes to life through calm structure, clear hierarchy, and restrained visual detail across the product experience.
